

Architects & engineers contract review service

We've teamed up with Wilson Elser, one of America's most influential law firms, to offer our clients a free contract review service on any active policies under our architects and engineers product.

Making contact

The insured can make contact with Wilson Elser directly, they must share their name, policy number, location, and type of contract to be reviewed.

Jurisdictions

Wilson Elser has a team of attorneys across the country that conduct the reviews for their jurisdictions. A team member will be allocated depending on the insured's location.

Review and recommendations

Wilson Elser will allocate two hours for contract review and any possible revisions. If it takes longer to review and/or revise the contract, CFC will be notified and if authorised this will be charged to the insured at a discounted rate of \$275 for partner / \$245 for a senior associate per hour.

Contracts will be reviewed for

- Indemnification
- Insurance requirements
- Time frames
- Compliance with all federal, state and local laws and regulations
- Standard of care
- Ownership of documents
- Alternative dispute resolution
- Prevailing parties
- Confidentiality
- Limitation of liability

Key benefits of the review service

- No additional premium to be charged for the service
- Reveals possible caveats, ambiguities or unusual stipulations in the contract
- Confirms that the contract complies with laws and regulations
- Highlights the insurance requirements and risk management opportunities
- Wilson Elser and CFC will work together to return all contract reviews in one week
- Three reviews per policy year
- Two hour cap for the review
- For risk management purposes only - Wilson Elser are not the insured's lawyer
