How it works

Whether a claim or incident, we'll support you throughout the process.

1

Notify

Available 24/7, the fastest way to notify CFC of a cyber incident (urgent or non-urgent) is **through our mobile app, Response**. Customers can also notify via email, phone or our website.

2

Triage

A **technical incident responder** from the CFC team will be in touch within 15 minutes* to assess the situation and identify the necessary resources to address the incident. You'll also hear from your dedicated claims adjuster within 24 hours.

3

Contain

Our in-house team will work with your internal teams to **contain and remediate the incident**. If required we'll also engage reputable third-party specialists to help.

4

Recover

We'll work to rebuild systems, reconstitute data and **get the business back online** as soon as possible. Throughout this process your claims adjuster will update you on coverage details and reimbursement ensuring a clear understanding and a smooth resolution.

Our mobile app for cyber, Response

Response delivers critical threat alerts and provides instant access to our cyber security team when all other channels are compromised – whether you need to notify us of an incident or have a cyber question.

From the moment you take out a **CFC cyber policy**, our cyber security team works around the clock to protect your business against cyber attacks. If we detect a threat or vulnerability, the app allows us to notify you of cyber threats targeting your business in real time.

24/7 access to cyber security experts

The [CFC claims team] were extremely professional and thorough. Each step in the process was explained in a clear manner. We are very appreciative of the way in which this claim was handled. Although an unfortunate and stressful situation, it was comforting to know that we could count on CFC in our time of need.
